

DF-301 - Compressed air pressure regulator w/filter

Description

DF-301 Compressed air pressure regulator w/filter

Pressure regulator to adjust supply (or inlet) pressure to a lower outlet pressure and work to maintain this outlet pressure despite fluctuations in the inlet pressure. The transparent filter bowl allows an easy monitoring of the condensate level. The semi-automatic manual drain makes both the manual and automatic condensate exhaust easier when there is no pressure.

Pneumatic / Pressure regulator with filter / 1/8"
